Welcome to the all new Waxobe Newsletter. I would like to introduce myself. My name is Jen DeWacker, for all those of you who do not know me. I have not been a member too long, just over two years, but I am ready to take on this responsibility. I am proud to be your secretary. In here you will find most shoots: when and where they are; information that you should know and need to know as well as some fun things to learn along the way. So take a look around and enjoy!!

If you would like to be in the newsletter email me information and pictures and I will get them in a future issue. Thanks!!

Please enter your work hours in the book, printing clearly and include your member ID.

New members: Your sponsor is your first point of contact when you have questions.

When you are the last to leave: on the outdoor range: lock the gate. On the indoor range: shut all lights off, make sure water isn't running in the bathroom, throw away your water bottles and make sure the door is locked.

In case you left something at the club: contact lvettwaxobe@gmail.com, sometimes I may be the one who has found your item or know who has it.
